

STEMFEST

TEES VALLEY

STEMFest is coming to Tees Valley!
The hands-on STEM exhibition will be making its debut in the Tees Valley area in 2024 with an event full of exciting and engaging interactive STEM activities. STEMFest aims to encourage and inspire young people from Tees Valley schools in STEM subjects, and will be open to groups from state-funded schools in:

- Primary - Years 5 & 6
- Secondary - Years 7 & 8

The Exhibition

The event will involve around 40 North East companies delivering hands-on activities, showcasing the wide range of careers and job roles available in the STEM sector in our region.

Businesses will be invited to deliver fun, interactive sessions relating to their industry. Over 1500 young people aged from 10 – 13yrs from the region's schools are expected to attend the event across the 2 days.

The face-to-face event will be held at the Darlington Mowden Park Rugby Club in Tees Valley.

No school or business will be charged for attending the exhibition.

Business Networking

There will be opportunities for business networking with other exhibitors and supporting organisations either prior to school arrivals or after the schools have left for the day.

Sponsorship

You may be a Tees Valley company working in the STEM sector who is concerned about recruiting your future workforce or interested in helping young people find better employment or supporting local industry and commerce. You may want to shout about the work you are doing or just signposting the young people in our region towards more informed and better career choices.

There will be many PR and marketing opportunities from the launch of the event up to and including the actual exhibition. There is no doubt that this event will really get your name out there!

Zone sponsorship package

£4000 + VAT (3 available)*

Benefits Include:

- 1 Named sponsor of one of the 3 zones at the event
- 2 Logo on sponsored zone branding
- 3 Logo on all event publicity including electronic and hardcopy literature
- 4 Company logo on STEMfest website
- 5 Dedicated zone sponsorship press release
- 6 Inclusion in our social media event 'shout-outs' in the run up to and including the event days
- 7 Unlimited use of the STEMfest logo
- 8 Corporate stand in the Business Networking area

***We would aim to offer you (where possible) a zone that reflects the sector your company is currently working in.**
